

Waily Says...

**Remember the
OWS Countdown!**

Understanding Plano's Outdoor Warning System

Four Reasons to Sound

- 4**
- Winds in excess of 70 mph
 - Hail greater than 1.5 inches
 - Tornado warning issued / tornado spotted by *trained* spotter
 - Other emergencies to seek shelter

3 Three Minute Wail

- Sirens will sound for 3 minutes

2 Two Steps to Take

- Immediately seek shelter
- Once protected, seek information

1 One Sounds, All Sound

- All city sirens sound regardless of the emergency location

Plano tests the OWS on the first Wednesday of the month at noon, weather permitting.
